Front & Rear Balconies / French Windows / L-Shaped Balcony / Landscape Windows / Parapet

THE MOST BEAUTIFUL VIEW IS RIGHT AT HOME

DSW1

## Downward Telescopic Electric Blinds

### KEY FEATURES

#### ● Industry-First Downward-Retracting Design

The only motorized aluminum louver system that retracts downward, minimizing the risk of injury from falling blades.

#### ● Ultra-Compact Housing

With a minimal casing depth of just 75mm, it maximizes your outdoor view and balcony openness.

#### ● Smart Angle Memory Function

Save your preferred louver angles for one-touch operation and consistent lighting control.

#### ● Enhanced Security

When fully closed, the uniquely engineered blades provide excellent anti-intrusion protection.

#### ● Elegant & Minimalist Aesthetics

Crafted to elevate both comfort and architectural style.

#### ● Fully Adjustable Ventilation & Shading

Blades can tilt from 0° to 90°, letting you easily adapt to different weather conditions—whether for shade or airflow.

#### ● Superior Heat Reduction

Constructed with high-strength aluminum alloy for exceptional thermal dissipation. Cuts up to 80% of solar heat radiation and delivers triple the insulation compared to conventional louvers. Can reduce home energy consumption by up to 50%.

#### Maximum Dimensions:

Width: 280 cm | Height: 178.5 cm
